

Displaying of posters across campus

Outside of the student election campaigns,
additional agreements are in place

Please be aware that the display of posters is monitored across the University of Surrey campus whilst we strive to make the environment enjoyable and tidy for everyone.

Any posters or notices that are displayed that don't adhere to the conditions below are likely to be removed by the Estates and Facilities Team.

Please do:

- Display posters on the approved notice boards and in common rooms
- Secure with blu-tac or an equivalent
- Remove posters within five days of the event having taken place
- Ensure posters bear the contact details of the organising committee or student body.

Please do not:

- Display your posters using sellotape or glue
- Place posters in corridors or stairwells, as they are considered to be a fire hazard
- Place your posters on bus stops, smoking shelters, toilet cubicles or bicycle shelters
- Secure your posters to trees, shrubs or any other plants by any means
- Cover up other in-date posters.
