

Owner Consent Form (Version 1, 16/12/19)
Gastrointestinal parasites in camelids in the UK

Camelid keepers

Please initial each box

- I confirm that I have read and understood the Information Sheet provided (version 1, 10/12/19). I have been given a full explanation by the researchers of the nature, purpose, location and likely duration of the study, and of what my animal and I will be expected to do.
- I confirm I have legal authority to provide consent for the animal(s) in this study.
- I have been advised about any risks associated with the study. I have been given the opportunity to ask questions on all aspects of the study and have understood the advice and information given as a result.
- I agree for my animal's data and samples to be used for this study.
- I agree to donate my animal's data and samples collected for this study to the University of Surrey to be used in future research and teaching.
- I consent to the processing of my personal information for the purposes explained to me. I understand that such information will be handled in accordance with current data protection regulations.
- I agree for the researchers to provide me with faecal egg counts for samples from my animals
- I agree for the researchers to contact me about future studies.
- I understand that data collected during the study, may be looked at for monitoring and auditing purposes by authorised individuals from the University where it is relevant to my animal taking part in this research. I give permission for these individuals to have access to these records.
- I understand that I am free to withdraw at any time during the study without needing to justify my decision, without prejudice and without my legal rights or animal's care being affected.
- I understand that I will be able to withdraw my non-anonymised data. I understand it is not possible to withdraw anonymous data from myself and my animal already collected.

- I confirm that I have read and understood the participant information sheet and freely consent to my animal participating in this study. I have been given adequate time to consider my participation.
